

NuSpeed NS1500

The Nuspeed 1500 is a new generation of floor maintenance machines which is only made possible by a new drive system introducing a dramatic 50% increase in power output.

The unique Nuspeed design concept means that for a machine of such compact proportions, an increase to 40kg in the operating weight can be achieved within the standard specification, with an optional additional 10kg if required... it has the power and weight that do the work and produce the results.

In addition to the power and performance many extra operating features have been added making this machine perhaps one of the most user friendly, hard working professionals in the Floorcare business.

For polishing applications the NS-1500 is also available in a 300rpm specification which is supplied with a Flexi Pad Drive system as standard. For brush applications select from the standard range.

Model	Motor	Deck	Brush	Power	Speed	Vacuum	Range	Weight	Size
NS1500S	1500W	450mm	450mm	230V AC 50Hz	150rpm	Optional NDT130	32m	40Kgs	1250 x 580
NS1500H					300rpm			35Kgs	x 460mm
